Sample user stories

As a customer, I want to transfer funds between my accounts so that I can manage my money efficiently.

64

Score

Good

Story analysis completed. Clear story structure. Missing details.

Good • 64/100

Clarity 80/100

Story clearly expresses the user goal and intent.

Clarity

80/100

Story clearly expresses the user goal and intent.

Completeness

65/100

Story covers main requirements but may lack details.

Testability

50/100

Story lacks specific testable conditions.

Business Value

80/100

Strong business value and stakeholder benefit identified.

Business Value

80/100

Strong business value and stakeholder benefit identified.

Acceptance Criteria Readiness

45/100

Story lacks explicit acceptance criteria.

Strengths

Story follows user story format with clear intent and goal.

Weaknesses

Missing explicit acceptance criteria or testable conditions.

Missing Information

Detailed acceptance criteria and specific success metrics.

Improvement Suggestions

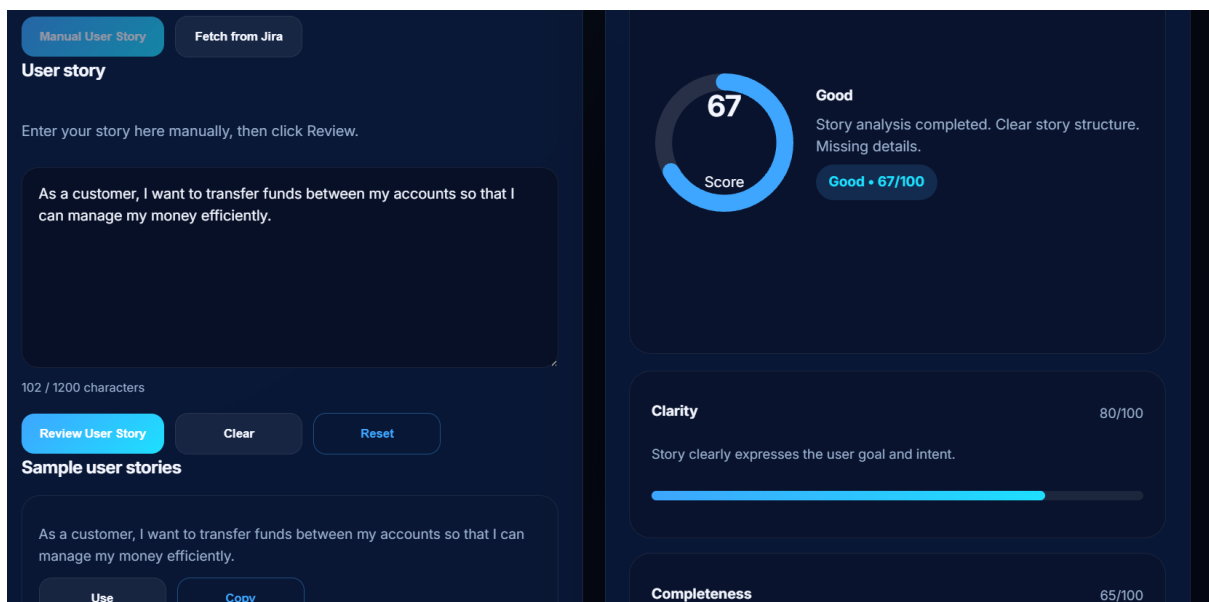

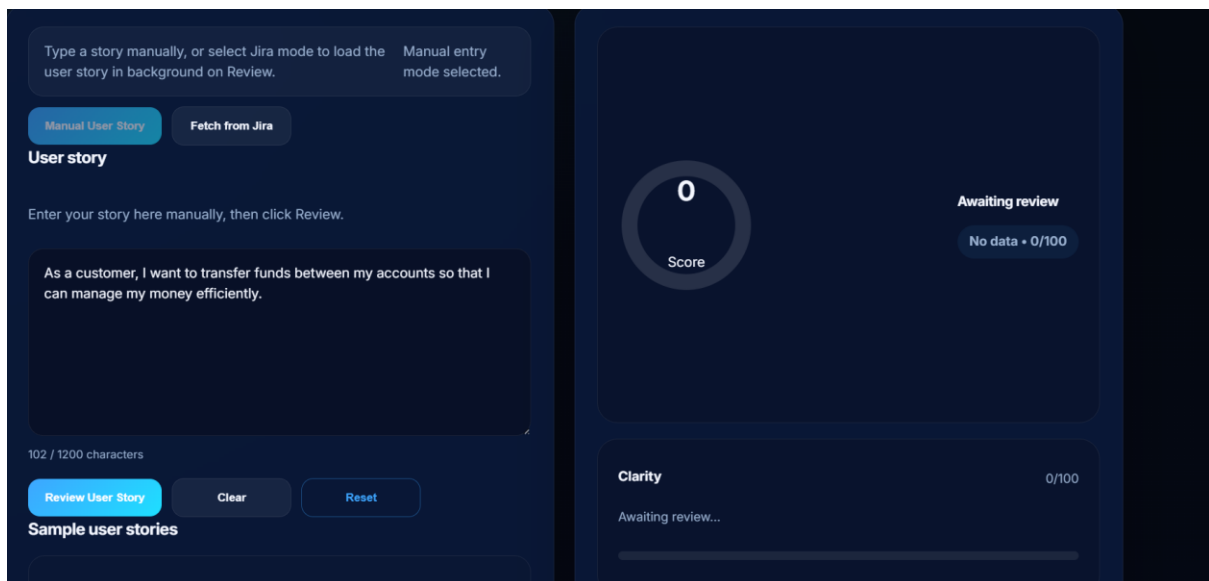

Add acceptance criteria in Given-When-Then format and specify measurable success conditions.

AI Recommendation

This user story has a good foundation but needs some refinement. Focus on adding clear acceptance criteria in Given-When-Then format. Define specific test scenarios and measurable conditions. Include more context and details about the requirements. With these improvements, it will be ready for development.
